## What is Megan's Books for Babies?

Megan's Books for Babies is a 501(c)3 non-profit corporation founded to encourage early literacy in families, with a primary focus on families with babies in Neonatal Intensive Care Units (NICU). Families with babies in NICU face many challenges - among them, medical tests, surgeries, and therapies. The books given to NICU families through Megan's Books for Babies gives the parents a chance to relax and focus on their babies. The rhythms and patterns in books stimulate babies' brains and encourage learning. Learning begins at birth, so it is never too early to begin reading!

Mom and baby receiving a book, June 2010

## About Us

Megan's Books for Babies, Inc. was founded in memory of our daughter, Megan Elise Kralovec. She was born with Joubert Syndrome in May 2007. At birth, Megan spent 3 weeks at Winnie Palmer Hospital for Women and Children in Orlando, FL. During this time, our family learned about a whole new world in the NICU. After Megan's death in December 2007, we wanted to do something to give back, in appreciation for all people did for us. We decided that giving families the gift of literature was a perfect way to honor and remember Megan. In her short life, she gave us so much and it is our privilege to be able to give back and enhance the early life of NICU babies. We hope that you will join us in making a difference!

Jay and Joye Kralovec
